World Snow Day January 15th 2017 A perfect day in the heart of the Dolomites

Falcade / Passo San Pellegrino, Dolomites World Heritage

Sunday January 15th at Passo San Pellegrino, a perfect winter day for organizing the **World Snow Day**. We were not afraid of the cold winter day...(-17°C) it was a beautiful and sunny day with perfect snow conditions for skiing in Ski Area San Pellegrino!

For the second year this year we organized a combined **World Snow Day** with the perfect cooperation between **Ski & Snowboard School Equipe Falcade** and **Ski & snowboard School Moena Dolomiti** acting together in the same beautiful **Ski Area Passo San Pellegrino**, perfect location for such an impactive event dedicated to kids. The result was impactive, in fact more than 300 kids partecipated to the World Snow Day 2017, thanks to this combination.

The World Snow Day started at 10am at Passo San Pellegrino with kids meeting the ski instructors for a short briefing.

The World Snow Day Topic of 2017 had been the **Freeride**, so the kids were introduced by the Alpine Police School of Moena regarding ***security and necessary rules on the slopes***, in case of emergency and accident or while skiing.

A rescue patrol specialized for avalanche with dogs captured their full attention and interest all along the day.

Great success also for the test and promotional **World Snow Day/ Audi Village**, some colored gazebo where kids were spoiled with gadget and entertainments. All the children have weared the funny bibs signed Audi!

Location of the World Snow Day: Ski Area San Pellegrino/Falcade/Val di Fassa

NEWS Winter Season 2016/2017: The protagonist of this season 2016-2017 in San Pellegrino Ski Area is the new, adrenaline and spectacular track "La Volata". The new black track starts from Col Margherita to Passo San Pellegrino with gradients up to 50%, a drop of over 600 m and a total length of 2,350 m for a thrilling downhill for expert skiers!

Now, we are just waiting for WORLD SNOW DAY 2018...
